

## **Natasha Roberts**

Natasha Roberts is an advocate and sickle cell supporter. She is the mother to four beautiful daughters, and her youngest daughter is a sickle cell survivor. She is a graduate of Terry High School.

Natasha has been a Certified Nursing Assistant for 17 years. Currently, she is a Parent Consultant with the Mississippi State Department of Health working in the CYSHCN (Children & Youth with Special Healthcare Needs) Program.

Natasha started working with the Sickle Cell community several years ago, after her youngest daughter was diagnosed with Sickle Cell Disease. She became an active advocate for getting the word out about this disease. She has seen first hand the effect that sickle cell disease has on the family, as well as the Sickle Cell Warrior.

Just recently, Natasha was able to help her daughter become a survivor. She was a match for her daughter to receive the Haploidentical Stem Cell Transplant to cure her of Sickle Cell Disease.

Natasha also serves as co-chair of the MSCF Patient & Parent Support Group in Jackson, MS.
